## CAREER OBJECTIVE & SUMMARY

Enthusiastic web developer skilled in HTML, CSS, JavaScript, and Python frameworks like FastAPI. Experienced in building responsive, user-friendly websites and working with relational and NoSQL databases. Adept at leveraging AI tools to improve development efficiency, writing clean, maintainable code, and delivering high-quality solutions. Passionate about innovation, problem-solving, and continuous growth as a full-stack web developer.

## KEY SKILLS

### Hard Skills (Technical):

- HTML, CSS, JavaScript, jQuery
- Python, FastAPI
- Relational Databases (PostgreSQL, MySQL) & basic NoSQL (MongoDB)
- RESTful APIs & CRUD operations
- Frontend frameworks (React optional)
- Version control (Git/GitHub)
- Responsive Web Design & Cross-browser Compatibility
- AI tools for coding (ChatGPT, Gemini, Claude)
- Debugging, testing, and code optimization

### Soft Skills & Leadership:

- Problem-solving & analytical thinking
- Attention to detail
- Time management & ability to meet deadlines
- Team collaboration & communication
- Adaptability & willingness to learn new technologies
- Creativity in UI/UX design
- Leadership & mentoring: guiding junior developers, coordinating tasks, and leading small project teams

## PROFESSIONAL EXPERIENCE / PROJECTS

### Full-Stack Developer

*Shoe Selling Web Application*

### University Project

*HTML, CSS, JavaScript, Python (FastAPI), PostgreSQL*

- Developed a responsive e-commerce website for selling shoes online.
- Implemented features like product listing, cart management, and order tracking.
- Integrated CRUD operations for products, users, and orders.
- Designed user-friendly interfaces focusing on smooth UX for customers.
- Applied version control (Git) and debugging best practices to ensure reliability.

### Full-Stack Developer

*Personal Portfolio Website*

### University Project

*HTML, CSS, JavaScript, Python (FastAPI)*

- Built a responsive portfolio website to showcase skills, projects, and resume.
- Developed dynamic sections for easy updates of projects and experience.
- Focused on clean UI/UX design and optimized page performance.
- Managed project workflow, applied debugging, and ensured timely completion.

## EDUCATION

---

**Bachelor of Science (BSc) in Computer Science & Engineering**      **Currently Pursuing**  
*American International University-Bangladesh (AIUB)*      *Dhaka*  
• **CGPA:** 3.52

**Higher Secondary Certificate (HSC)**  
*Monipur High School and College*      *Dhaka*  
• **GPA:** 4.92

**Secondary School Certificate (SSC)**  
*Monipur High School and College*      *Dhaka*  
• **GPA:** 5.00

## AWARDS & CERTIFICATIONS

---

### Language Proficiency:

- English, Bangla, Hindi

### Certifications:

- Cisco Networking Certificate
- Problem Solving Certificate
- Volunteer Certificate (Management/Coordination Activities)

### Awards & Activities:

- Bangladesh Studies Presentation Award
- Dean's Award
